Join the Oakland County Employment Diversity Council (OCEDC), in presenting **“The Ancient Art of Face Reading For Today’s Diversified World”** Face Reading has been practiced for 3,000 years, and has been scientifically validated to 92% accuracy. The human face is a living personality profile of its owner, every facial feature, line and crevice provide insights. Learn the history of Face Reading and how to gauge the importance of a facial trait. Learn the importance of size, placement, and scale to the face. Learn face traits that you can begin to read immediately. I will read random faces from the group, and take questions. **BE SURE AND BRING A MIRROR for your personal observations**

Once a month, the OCEDC features a speaker or a performance depicting the rich cultural diversity within our community. A sculptor and artist, dance groups, speakers on Asian heritage, Black history, Native American history, Sikh identity and various other cultural topics are presented. “The Monthly Diversity Educational Forum Series ” is about learning, growing, and networking together.

The Monthly Diversity Educational Forum Series is designed to assist human resource professionals, diversity managers, and all levels of leaders and managers to develop and implement organizational leadership solutions, personal diversity solutions, and public solutions to move toward full productivity throughout their workforce.
